

Height-Adjustable Thought Starters

Worksurface Series 7, Walkstation  
 Storage Universal®, Details Worktools | Seating Leap®

- Reading Rooms with Height-Adjustable worksurfaces encourage Radiologists to choose their precise work surface position and change postures; sit, stand or walk and accomplish all they would while sedentary.
- Urethane Profile worksurfaces provide an ergonomic edge for keying and mousing.
- Storage towers support a range of storage needs and allow users to access material while seated or standing.
- The Cableway tucks away technology in an accessible “pocket” while keeping the area under the worksurface clutter free.
- Multiple CF Series monitor arms support healthy postures and make it easy to reference various documents.
- The Walkstation lets users walk comfortably, burn calories, feel healthier and more energized, all while accomplishing the work they’d normally do while seated.
- Slatwall supports a variety of worktools and frees up space on the worksurface.
- Personal task lighting is an energy efficient way to help address the issue of eyestrain by letting users position light to the task at hand.

Planning Principles

■■■■ Balances Privacy   ■■■■ Manages Connections   ■■■■ Supports Diverse Workstyles
