

Height-Adjustable Thought Starters

Space Division Montage®, Post & Beam, Groupwork™ Screens
 Worksurface Series 7, Airtouch, Walkstation | Seating Amia™, Bix™, Cachet® Stools
 Storage Elective Elements® 6, Details Worktools, Duo®

- Today's approach to ergonomics is not about static postures, but about movement throughout the day. Height-AdjuTable worksurfaces give users control, help support collaboration and promote healthy workstyles.
- Zone A: The Series 7 120° worksurfaces allow the user to keep reference materials within arms reach and signal availability by orientation. Tables facing outward encourage interaction and collaboration with others.
- Zone B: The Montage panels create separation and support a hoteling area using Airtouch workstations.
- Zone C: The Walkstation lets users walk comfortably, burn calories, feel healthier and more energized, all while accomplishing the work they'd normally do while seated.

Planning Principles

- ▬▬▬ Balances Privacy
- ▬▬▬ Manages Connections
- ▬▬▬ Supports Diverse Workstyles
