

Height-Adjustable Thought Starters

Worksurface Series 3, Universal® | Space Division Answer®
Storage Duo®, Universal®, Details Worktools | Seating Think®

- Seated Height-Adjustable worksurfaces give users control over their environment, help support collaboration and promote healthy workstyles.
- Panels provide seated privacy and create a boundary along the aisleway.
- Duo storage creates a collaborative surface between two workers – a place to share ideas.
- Privacy/Modesty Screens help address visual distractions and the Cableway tucks away technology in an accessible “pocket.”
- Slatwall supports a variety of worktools and frees up space on the worksurface.
- FYI™ monitor arms support healthy postures and make it easy to share what’s on screen with others.
- Personal task lighting is an energy efficient way to help address the issue of eyestrain by letting users position light to the task at hand.
- CPU holders keep valuable equipment off the floor and free up the worksurface space.

Planning Principles

- Balances Privacy ■■■■ Manages Connections ■■■■ Supports Diverse Workstyles
