

Height-Adjustable Thought Starters

Worksurface Series 5, Topo® | Space Division Turnstone Tour™
Storage Topo®, Details Worktools | Seating Siento™, Topo®

- Today's approach to ergonomics is not about static postures, but about movement throughout the day. Height-Adjustable worksurfaces give users control and promote healthy workstyles.
- With 120° planning, smaller groups or larger pods with a centralized team space for side-by-side collaboration and shared work can be created.
- Mobile pedestals provide individual storage; shared storage allows for archival or team files.
- Privacy/Modesty Screens help address visual distractions and the Cableway tucks away technology in an accessible "pocket."
- Slatwall supports a variety of worktools and frees up space on the worksurface.
- FYI™ monitor arms support healthy postures and make it easy to share what's on screen with others.

Planning Principles

■■■■ Balances Privacy ■■■■ Manages Connections ■■■■ Supports Diverse Workstyles
