

Worksurface Series 5 | Space Division Post & Beam  
Storage Duo,® Details Worktools | Seating Leap®

- Today's approach to ergonomics is not about static postures, but about movement throughout the day. Height-AdjuTable worksurfaces give users control and promote healthy workstyles. Long, straight worksurfaces are perfect for spreading out work.
- Tables facing outward create zones for interaction and collaboration.
- Post and Beam provides structure and creates hard boundaries.
- Duo storage provides easy access to often used items. Project Containers mounted on Post and Beam provide additional "project" storage.
- Privacy/Modesty Screens help address visual distractions and the Cableway tucks away technology in an accessible "pocket."
- SlatRail supports a variety of worktools and frees up space on the worksurface.
- FYI™ monitor arms support healthy postures and make it easy to share what's on screen with others.

Planning Principles

- ▄▄▄ Balances Privacy
- ▄▄▄ Manages Connections
- ▄▄▄ Supports Diverse Workstyles
