

5" & 7" Lift & Lock Mechanism

Using this product correctly: Height adjustment range is either 8.37" and 10.75" (depending on model). The mechanism can tilt 15° in the positive and negative direction.

To adjust height: Simply tilt the platform back, adjust height to the desired position and release.

To adjust tilt: Turn the knob located near the top of the mechanism toward you. Set the tilt to desired position and tighten knob.

Important safety tip: Do not sit or lean on this product. It is not designed to support your weight.
