

Eyesite™ Dual Laptop Support

Suddenly your display and laptop see eye to eye.

Eyesite Dual Laptop Support places a laptop adjacent to a secondary screen, delivering maximum ergonomic comfort and the productivity benefits of a dual display application. With movement-as-one adjustability and freeing up valuable worksurface space in the active zone, this is the ideal solution for today's fast moving multi-taskers.

Eyesite Dual Laptop Support

- Application: active
- Supports one monitor up to a 24" display, 25 lbs. and a wide range of laptops
- Functional focal length: 13"
- Vertical adjustment: 7½" Standard or 12½" Extended column
- Tilt monitor only: 10° to -90°
- Pan monitor only: 175°
- Rotation monitor only: portrait to landscape
- 75mm and 100mm VESA plate display only
- On-center mounting
- Adjustable laptop support provides concealed cord/power supply and 3 position screen adjustability
- Not recommended for use with docking station
- Both display and laptop support slide left to right to allow desired alignment
- Use of external keyboard and mouse strongly recommended
