

FYI[®] Single Flat Panel Arm

Customer Needs:

To support flat panel monitors in a workstation environment. Particularly important to users in workstation environments which offer limited space and/or require ease of adjustment for more than one viewer.

User Requirements:

- Ease of positioning of a flat panel monitor across a broad range of adjustment.
- Allows effortless adjustment of height range and viewing angle changes.
- Allows monitor to be positioned at the correct viewing distance to relieve eyestrain.
- Frees valuable worksurface space that was previously unusable.
- Allows for the design of a smaller worksurface footprint as well as the possible elimination of deep corners, yielding more useable square footage.

Product Features

Style Numbers:

FPASINGLE – FYI Single Flat Panel Arm

- Size: W24" x H15"
- Weight: 13.5 lbs.
- Color: Arctic White, Charcoal, or Pewter.
