

FYI Upper Arm

Customer Needs:

To support flat panel monitors in a workstation environment. Particularly important to users in workstation environments which offer limited space and/or require ease of adjustment for more than one viewer.

User Requirements:

- Ease of positioning of a flat panel monitor
- Allows effortless adjustment of height range and viewing angle changes
- Frees valuable worksurface space that was previously unusable
- Allows for the design of a smaller worksurface footprint as well as the possible elimination of deep corners, yielding more usable square footage

Product Features

Style Numbers:

FPAUPPER – FYI Upper Arm

Use with FYI mounting brackets:

- FPASWR – FYI Slatwall/Slatrail Mount
- FPAWALL– FYI Wall Mount

- Size: W4½" x H10" x D12"
