I/Q Mechanisms Installation Instructions

1 Please make use of all appropriate hardware provided. Retain two (2) screws for attachment of front cap. Mounting screws are 1" in length. When attaching track to a worksurface with a 1" thickness or less, please source appropriate length screws locally.

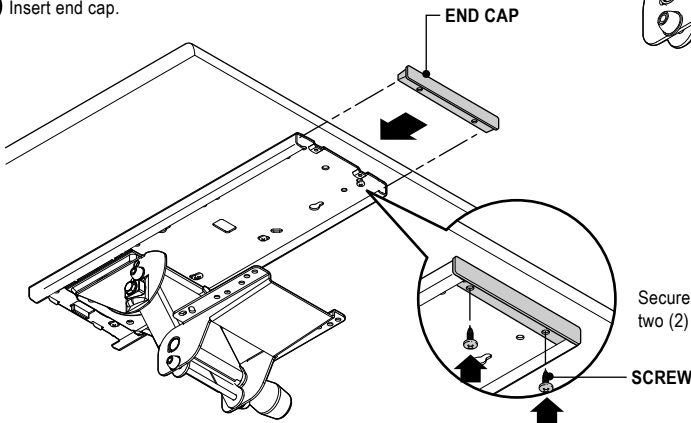

NOTE: Orient track so holes align with channels on Series 9000 top.

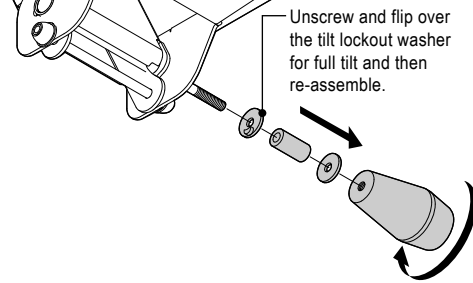

2 Slide mechanism into track.

3 Insert end cap.

Attach keyboard platform to mechanism using the nuts provided.

Secure front cap with the two (2) machine screws provided.

For a better day at work.™
