

# Details SpecGuide

Effective January, 2010

details

## For a better day at work.®

“It’s not a shallow mission statement or a contrived marketing phrase, but a direction that sparks the efforts of every Details employee. We do our best to develop, market and deliver the finest ergonomic solutions because we believe that peoples’ everyday work lives can be improved with the use of our products. This SpecGuide is an important part of the support we deliver to you and your Customers.

Innovative products, smart thinking and energized employees... the recipe for making your day just a little bit better.”

Edmund X. “Bud” Klipa  
General Manager

A handwritten signature in black ink that reads "Bud Klipa". The signature is written in a cursive, flowing style.

This SpecGuide is precisely what you need to select and specify Details products. Of course, we also provide the human touch to assist you. Details Field Marketing people will help you determine the right products to fit your budget and application needs. Call 800.833.0411 or send an e-mail to: [info@details-worktools.com](mailto:info@details-worktools.com). Either approach gets their insight.

Details. For a better day at work.®

Mechanisms	41-42		
Keyboard Platforms	43-46		
Modular Options	47		

# SOTO™

STATE OF THE OFFICE

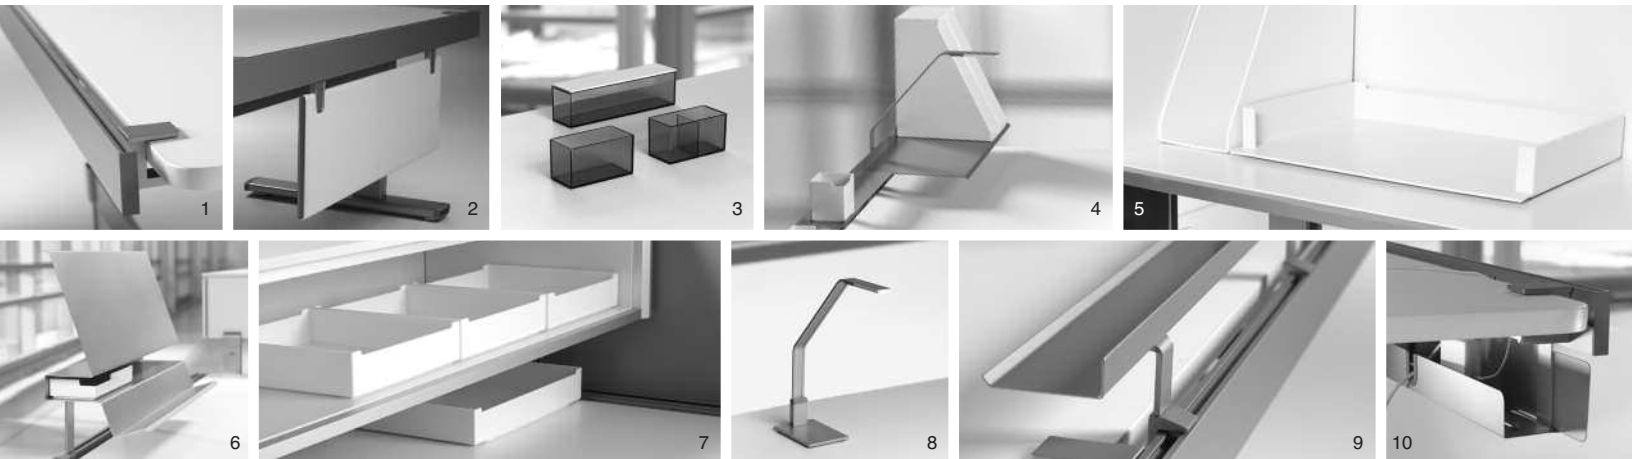

SOTO. Tools that help the workplace and its workers come together.

Sure each SOTO worktool works SOLO. But the true beauty (literally and figuratively) lies in SOTO's symmetry. The entire collection works as a cohesive set of tools – nothing piecemeal here – designed to link work, workers, and the workplace. On freestanding furniture such as Details line of Height-Adjustable worksurfaces. Or on Steelcase c:scape™ furniture.

And the entire\* SOTO collection is designed to meet silver Cradle to Cradle specifications.

So it's as nice to the earthplace as it is to the workplace.

\* The composition of the cord and driver precludes full C2C certification for the LED light.

- 1. Rail (pg. 8)
- 2. Modesty Screen (pgs. 93 & 101) and Rail (pg. 8)
- 3. Storage Box Set of 3 (pg. 20)
